

We Need Players to Join Our Team

Dear Members of the CRYSA,

The CRYSA is the largest sports organization in Campbell River. We promote, develop, encourage and educate young players (4 years to 19 years) in the world's most popular game, soccer. We run multiple leagues, fall, winter and spring along with many other programs with a combined registration of approximately 900. We engage our children in a healthy sport which fosters team spirit, sportsmanship and fair play. The community benefits greatly from the health, character building and education we provide to our participants.

The volunteer Executive and Board of Directors of the CRYSA are responsible for providing the development and delivery of our programs and do so through a dedicated group of community volunteers.

At this time we are in need of volunteers to come forward and provide support as members of our Team of Directors. Please visit our website at crysa.bc.ca and under the "Club" tab there is a complete list of director roles and responsibilities. At the AGM on July 9th at 7pm in the clubhouse we will be electing next year's Directors and we could use your help.

Please consider putting your skills, abilities, drive and enthusiasm with us as we continue moving soccer forward in our community. For more information please contact Jordie Sorensen at jlsorensen@shaw.ca.

Regards,

Jordie Sorensen
President CRYSA
